## CUSTOM FURNITURE™

SOFAS - CHAIRS - OTTOMANS - HEADBOARDS

*All of our furniture is crafted with the same pride as when we started our company in 1920. We now offer many custom features for you to choose from.*

### Concept

**Acorn™** is furniture where you get exactly what you want. **Acorn** is custom-made furniture. Custom furniture means you don't have to settle on what is on the floor at a conventional furniture store. You pick the furniture style from several sofa, sleeper, sectional, and chair styles. Then you select from thousands of designer fabrics. We will then handcraft your custom-made furniture.

### Construction

**Acorn** custom furniture is carefully planned, constructed and upholstered to meet exacting specifications. Trained specialists in the areas of fabric cutting, sewing, frame building, and upholstering work on one piece at a time. Every piece of furniture is inspected several times during construction to ensure that craftsmanship is kept at the highest level. We offer a lifetime warranty on the frame and the springs to insure that you receive the most durable product.

### Frame

**Acorn** furniture frames are constructed one frame at a time. Our frames provide exceptional strength made from 4 x 4 alder. All structural joints are double dowelled and glued. We corner block all necessary joints. Our unique frame designs add to the integrity of every **Acorn** piece of furniture. Our frames are constructed in a traditional manner and only genuine improvements in technique and materials have been adopted through the years.

### Sleepers

Most styles are available as a sleeper in king, queen, full, or twin. Foam mattresses are standard, while premium innerspring mattresses by Square Deal Mattress Factory are optional.

### Springs

**Acorn** guaranteed springs of 8.5 gauge tempered steel are double tied with 16 gauge wire for durability. Most frames are soft edged to add life to the cushions. Due to design restrictions, a few pieces of furniture are constructed with *elasbelt* webbing.

### Fabrics

**Acorn** has a large selection of designer fabrics for you to choose from. Tapestries, cotton prints, stripes, solids and plaids are all hand matched and cut one piece at a time for a perfect fit and appearance.

### Cushioning

The standard cushion fill is high-resiliency polyurethane foam wrapped in dacron polyester. Back and throw pillows are individually filled with Dupont H 91, or soft, down-wrapped polyurethane foam. A down option is available on all back pillows. Other custom cushion options are available. All cushions and pillows have zippers for easier handling and cleaning.

### Padding

The interior and exterior surfaces of all frames are padded to offer the utmost in seating comfort while protecting the fabric from the hard edges of the solid wood frame.

## CUSTOM FURNITURE

### LIFETIME COMFORT GUARANTEE

**F**rame and spring construction is warranted to the original buyer to be free from defects in workmanship and materials under normal usage for unconditional life guarantee. Acorn/Square Deal Mattress Factory at its option will repair or replace with same or like fabric any furniture found not to have given performance in line with the areas noted above. This warranty is rendered invalid if the item in question was subjected to misuse, accident, fire, improper cleaning or handling, or repair or re-upholstery by any other than Acorn/Square Deal Mattress Factory personnel.

In no event shall our liability exceed the original sale price of the product.

The findings of Acorn/Square Deal Mattress Factory are final relative to the ultimate disposition of the complaint.

### SINCE 1920

**T**he Square Deal tradition of hand-crafting mattresses and furniture the old-fashioned way has been embraced by 4 generations. History has shown us, advances in technology don't always mean better quality. While others use cheaper, lighter material to save money on shipping, we stay true to our roots and build mattresses to provide lasting comfort from the first use. Our Great grandfather believed our customers deserved a high-quality product at a fair price. So much so, he named the company to stand by our promise:

***A Square Deal Every Time.***
